### The List Operators for Kids do Compooters: Wig-i-pedia! at Melbourne Town Hall (Lower Town Hall) until April 24

THE List Operators for Kids is a great slapstick show for the whole family.

Matt and Richard make up the duo and can be categorised best as the Lano & Woodley of the under-12 set.

If I were eight years old I would love this show and evidently from the cackles of kiddie laughter coming from the crowd, the eight-year-olds did love it.

The show was interactive, dynamic and thoroughly entertaining and included a great deal of audience involvement for the youngsters and their olds.

Working with kids doesn't always make for a smooth and easy show, but the boys maintained their relaxed composure, showing true professionalism and an ability to roll with the kiddie punches.

The cyber-space inspired show includes gags such as The World of Wool-craft and Pong computer games, PowerPoint presentations and water pistols as well as other technology-inspired witticisms.

**Star rating: \*\*\*\***
